

Geography challenges!

Use the following website:

<https://www.natgeokids.com/uk/category/discover/geography/>

Can you create a fact file about a new country? A volcano?
An animal? A new culture? Climate change?

Can you create an information poster about your chosen learning?

Learn about a natural disaster (volcano, earthquake, tornado etc) and complete a writing task

- Are you writing a newspaper article on the event?
- Are you writing a recount as you were there at the time? What did it look like? How did you feel?

www.google.co.uk/maps

Can you explore the local area where you live? Our school?
A relative's local area? Your favourite holiday destination? A different country?

Compare these different places you explore. Think about the trees, buildings, water, green spaces etc

Can you choose a route to walk in your local area?

Can you draw your own route to school and create a key?
