

Year 3 Autumn 1 Learning Challenge 2020

Successful Learners		Successful Learners
<p>Areas of Learning</p> <p>As historians we will use cave paintings and artefacts to find out what family life was like in the Stone Age. We will research their tools, homes and way of life to find out how families existed all those years ago!</p> <p>As geographers we will sketch maps and simple keys to show a visual story of what homelife was like in for Stone Age families in history.</p> <p>As scientists we will deepen our knowledge about plants and find out how they create new life in their own plant families.</p> <p>As mathematicians we will place key events on a timeline and develop our understanding of events and family houses in the past. We will solve problems based on real life experiences that are linked to the 4 operations.</p> <p>As caring citizens we will work collaboratively towards shared goals to present our learning and understand what we can mean by family.</p>	<p>Christian Values</p> <p>This term in school we are exploring the value of Love. The Golden Rule will form the basis of everything we do and we will 'Let all that we do be done in love.' Love comes from a heart that is connected to Jesus.</p> <p>Our Harvest learning will link gathering food during our Stone Age Day and we will create crumbles when we get back to school - have a 'Harvest breakfast together'. Learn about Fair Trade harvest and families that harvest and need our support.</p> <p>British values</p> <p>This term we will be developing awareness of our own needs, views and feelings and understand how we can be sensitive to the needs, views and feelings of others.</p>	<p>Areas of Learning</p> <p>As writers we will create information pages to inform others about the Stone Age and use our knowledge of different writing forms to intrigue the reader.</p> <p>As artists and design technologists we will explore how our art, in the style of a famous artist can tell a story about our family in the present day, which will one day become history, just like cave paintings!</p> <p>As information technologists we be using Purple Mash to develop our understanding of algorithms and coding. We will also learn how to use computers and the internet safely.</p> <p>As musicians we will sing songs as both a group and in solo parts.</p> <p>In Religious Education we will deepen our understanding of rules, knowing how we as a family follow rules and investigate if everyone follows the same rules.</p> <p>As Foreign Language Speakers we will learn how to say Spanish greetings, numbers, animals and colours.</p>
<p>Building Learning Powers</p>		
<p>We are already using lots of our Building Learning Power muscles in our learning and this term we will be focusing on getting to know the language and how it can help us as learners. To do this, we will be exploring meta-learning by getting to know ourselves as learners, persevering when faced with tricky challenges and being absorbed in our learning. We will be focusing on increasing our pace of learning and challenging ourselves to 'work smartly' to achieve our goals.</p>		

Dear Parents, Carers and Children,

This half term our whole school theme is 'family' and the question that we will be investigating is 'Did a Stone Age family live in a house like me?' where we will learn about the Stone Age to Iron Age and explore how historians know about the past through the cave art that has been discovered! We will express our learning through modern art in the style of Keith Haring to show our family life today.

Reading

Please make sure your child brings their reading book every day, even if it's not their reading day and remember to read with them at home as much as you can - it really does make a huge difference to their learning!

Make sure your child knows how to read and spell all the previous ear group spellings.

PE kits

Please remember to keep your children's PE kit in school so that it is available for lessons.

Times Tables

Please help your child practice their times tables at home. By the end of year 3, all children should know both the multiplication and division facts for the **2, 3, 4, 5, 8 and 10** times tables. Practice these at home - it really does help with our school challenges!

Home Learning

Home learning is given each Friday and should be returned the following Wednesday. All home learning should be Year Three standard and at the level we would expect in school.

Please come and speak to you if you have any questions and I'll be happy to help.

Thank you,

Mr Nuttall

St George's CE Primary School
