

Year 1 Spring Term 2 Learning Challenge 2021

<p style="text-align: center;">Successful Learners</p>	<p style="text-align: center;">Where would you live if you were a minibeast?</p> 	<p style="text-align: center;">Successful Learners</p>
<p style="text-align: center;">Areas of Learning</p> <p>As Geographers we will be looking at our environment and completing field work to assess the amount of litter around our school.</p> <p>As scientists we will be looking at what objects are made out of. We will think about the materials they are made out of and why it is a good material to use.</p> <p>As Mathematicians we will be concentrating place value to 50 and making sure that we fully understand tens and ones. We will practice number bonds to 10 to make sure that they are embedded.</p> <p>As caring citizens we will be learning about responsibility and become PLASTIC AND PAPER PROTECTORS in our classroom, ensuring that the they are put into the correct bins to be recycled.</p>		<p style="text-align: center;">Areas of Learning</p> <p>As readers, we will be reading a book called "Norman The Slug With The Silly Shell" and using this to practice our adjectives and sentence structures.</p> <p>As design technologists we will be planning and designing a new home for either a snail or a slug. We will use our knowledge of materials to choose the best ones for the project.</p> <p>As information technologists we will use Purple Mash to help us to sort information depending on its criteria.</p> <p>As Musicians we will be playing tunes and untuned instruments to enhance our songs.</p>
<p>Christian Values</p>		
<p>We will focus on the value of <i>COURAGE</i> and linking this to having courage to come back to school during this difficult time and reading stories from the bible to understand how faith in God can help us to be courageous.</p>		
<p>Building Learning Powers</p>		
<p>We will be working on our Resourcefulness Muscle by capitalising on what we have around us by reusing waste to make it into homes for a snail or a slug. We will also use our reasoning and linking muscles to make choices about which materials would be best for the molluscs to live in.</p>		
<p>In Religious Education we will be learning Easter and making the link between Easter and Ne Life and New Beginnings.</p>		

ST GEORGE'S CE PRIMARY SCHOOL

Can we just say a massive thank you to all the mums and dads at home who have helped your children learn.

You have all done an amazing job!

PE - Please can you make sure that your child brings their PE kit in school if it's not here already. If your child has outgrown their kit, please can you replace it with what is needed.

Reading Books/Library Books - Due to Covid and its restrictions, we are only sending reading books home once a week and then we quarantine them in school before putting them back on to the shelves. Please make sure your child's book is in school every **Friday** so we can then change it. Library books are brought into the class and then changed and quarantined daily.

Water bottles - water bottles can be sent into school daily, please ensure your child's name is on them so that they don't get muddled up and it is **water** please.

HOMEWORK is on **GOOGLE CLASSROOM** - on Fridays, the children will be given weekly homework to complete - when completed you can send a photograph to y1@st-georges-hyde.tameside.sch.uk

Website - don't forget to look at our class page on the website so you can see all the learning we do in school!

Thanks for your support - you have all been fantastic!

Mrs Strafford, Mrs Clegg, Miss Blair and Mrs Hall
(Year 1 team)
