

Learning Challenges

How can Walter make his web stronger?

To answer this question we will read the book 'Walter's Wonderful Web'. We will help Walter to decide how to make a stronger web. We will find out about the different shaped webs Walter made, and learn to name and describe the webs using the following language: circle, square, triangle, diamond, oblong, hexagon, corners, sides, straight or curved. We will learn to sing and sign the rhymes Incy Wincy and Little Miss Muffet. Count up to 8, make spider pictures, biscuits and models. Use scissors to make spider crafts. Highlight the fact that Incy Wincy doesn't give up, he perseveres, can they persevere like Incy Wincy? How could Incy Wincy stop himself being washed out?

Can we fix the nursery rhymes?

To answer this question, we will learn to sing and sign a variety of different nursery rhymes. We will explore the mistakes the nursery rhyme characters made and see what they could do differently.

Foundation Stage

Can we fix the nursery rhymes?

Learning Challenges

We will use a real egg dressed up as Humpty and see what happens when he falls off the wall? We will explore the broken egg and see what is inside. We will try different places Humpty could sit so that he doesn't fall off and break. We will use positional language to describe his position.

How could Jack and Jill help each other get safely up and down the hill? We will role play being doctors, nurses and patients.

Why did Little Bo Peep lose her sheep? We will help Bo Peep find her sheep by playing hide and seek games. We will learn to build enclosures to keep the sheep safe.

How can I grow my brain more to reach my goal?
We will innovate the nursery rhymes to show how the nursery rhyme characters could do things differently and learn from their mistakes. We will record ourselves singing the rhymes and put them on the website for our families to listen to.

BUILDING LEARNING POWERS - how to make our brains grow!

Persevering

The Persevering Pirates will be helping us to keep going on in the face of difficulties, challenging the energy of frustration productively. We will try and try again to put on our own coats, as the weather gets colder.

Empathy

We will learn about the Zones of Regulation and widen our scope of feelings words. We will use Empathy Emma to help us think about how others are feeling by looking at expressions and body language.

CHRISTIAN VALUES

Responsibility - we will be learning about being willing volunteers, sharing responsibility for our environment by looking after resources and tidying up, playing our part in making the classroom, school and community a safer and better place, doing what we can to care for the world.

Friendship - we will be learning how to show friendship and kindness to others and will pray God will help us in this.

ST GEORGE'S CE PRIMARY SCHOOL

Nursery Reminders

You can help your child to achieve their best and enjoy their learning by:

- talking with your child about what they have done at school.
- encouraging them to be independent e.g. putting on their own coat, doing own buttons and zips.
- helping them to recognise their name.
- helping them to write their name independently.
- counting objects up to 5 and then 10. Noticing numbers around the house and environment.
- trying new activities and challenges with them, encouraging them to show perseverance through trying and trying again.

Thank you for your support
