

Year 4 Spring Term 1 2021

Successful Learners <u>Areas of Learning</u>	Where do all rivers lead?	Successful Learners <u>Areas of Learning</u>
<p><u>As scientists,</u> we will use scientific vocabulary as we explore solids, liquids and gases through investigations, looking at how solids and liquids can be separated. We will investigate the water cycle and make links with our geography.</p> <p><u>As mathematicians,</u> we will deepen our understanding of measurement by finding the perimeter and area of regular and irregular shapes. We will continue to practice times tables and look at written calculation methods of multiplication and division. We will also extend our understanding of fractions.</p> <p><u>As geographers,</u> we will use online maps and Google Earth to locate rivers around the world and in the UK. We will also research the local River Tame to find its source and follow its journey to see where it ends up. We will research the water cycle and link this to our science.</p> <p><u>In PSHE</u> we will look at our well-being and ensure that we are following guidance on how to keep our minds and bodies healthy during this tricky time.</p> <p><u>As artists,</u> we will develop our skills using a range of media and tools.</p>		<p><u>As readers and writers,</u> we will continue to develop our comprehension and vocabulary in all areas of reading and writing in a range of genres both fiction and non-fiction. We will complete our class novel 'Leon and the Place Between' and write additional chapters creatively.</p> <p><u>As information technologists,</u> we will use Purple Mash to learn how to use spreadsheets, understanding and inputting data. We will also deepen our knowledge of vocabulary.</p> <p><u>In Religious Education</u> we will be deepen our understanding of Jesus, who he was, his teaching and behaviour. We will do this by listening and reading his stories, especially the miracles he performed. We will look at Judaism and learn that the Jewish holy day is Shabbat and there are many traditions and rules associated with this special day.</p> <p><u>In PE (Physical Education)</u> we will be encouraged to carry out physical exercise and keep our bodies fit whether we are at home or at school.</p> <p><u>As caring citizens,</u> we will be learning about responsibility and our role of looking after our planet through researching Fairtrade and Water Aid.</p>
	<p>Christian Values</p> <p>Thankfulness, Honesty, Love, Hope, Forgiveness, Compassion, Friendship, Trust.</p>	
	<p>We will be learning about responsibility during our collective worship times and respond to and reflect on the challenges given each week during this time. We will become responsible for our learning and make sure we complete any work set to the best we can and make sure it is sent to school.</p>	
	<p>Building Learning Powers- Reciprocity, Resourcefulness, Reflectiveness and Resilience</p>	
	<p>During this challenging time, we will be encouraged to have a growth mindset and be resilient to change. We will be learning in different environments than we might be used to. We will show perseverance as we use new technology and ways of recording and sharing our learning. We will ask questions if we do not understand what to do.</p>
