

Year 4 Summer Term 2 2023

Successful Learners <u>Areas of Learning</u>	How can I be a good citizen of the world?	Successful Learners <u>Areas of Learning</u>
<p><u>As geographers</u> we will be learning about sustainability and how we can make a difference to our world. We will research alternative energy sources and see which country is the biggest polluter.</p> <p><u>As scientists</u> we will be investigating electricity and working practically to design and make circuits.</p> <p><u>As mathematicians</u> we will practise our times tables (including the inverse facts) and try and improve our speed of recall ready for our Government Times Tables Test. We will also look at shape, statistics and time.</p> <p><u>In PSHE</u> we will be looking at how we can be good citizens and how we can make a difference by the smallest act of kindness.</p> <p><u>In art</u> we are learning about the artist Trevor Grimshaw who was a local artist. We will be imitating his style of landscape drawings using a selection of art materials in monochrome.</p>		<p><u>As readers and writers,</u> we will continue to develop our comprehension and vocabulary in all areas of reading and writing in a range of genres both fiction and non-fiction. We will finish the novel 'Krinklekrax' and look at the characters and how they deal with problems in life.</p> <p><u>As information technologists</u> we will learn to use the chrome books to create animations. They will transfer skills from paper to the screen to make an object move and create backgrounds.</p>
	Christian Values	
	Thankfulness, Honesty, Love, Hope, Forgiveness, Compassion, Friendship, Trust.	
	We will be learning about respect. We will explore this value in our collective worship and during our learning challenge as we think about what being a good citizen means and how we can show respect to our world. We will learn about courageous advocates who have made a difference and learn to be more like those.	In <u>Religious Education</u> we will think about the ways in which we can make a difference and make the world a better place.
	Building Learning Powers- Reciprocity, Resourcefulness, Reflectiveness and Resilience	
	We will be resourceful as we make links with our learning and the new information given and learn in a variety of ways from experience, different media and looking at courageous advocates around the world. Children will show resilience as they consider how they can improve their sustainability at home.	In <u>PE (Physical Education)</u> we will learn how to develop our athletic skills as we try to achieve our personal best at hurdles, running, speed bounce and relays. We will also continue learning how to play cricket and develop our fielding and batting skills too.
	Character development - Spirituality	
	We will be guided by our beliefs and be willing to stand up for these. When we look at ways of preserving our world, we will appreciate the beauty of creation with awe and wonder. We will consider WWJD? as we write our final speech at the end.	

IMPORTANT NOTES

We cannot believe that this is the last half term this year! Where has it gone?

We are off to the Recycling Centre in Sharston on Tuesday 20th June which is a great trip. Normal school times and uniform will be required.

We will be taking part in the **Government Multiplication Tables Check** this June and answering 25 questions online based on times tables up to 12X12. Pupils will have 6 seconds to complete each question, so it is quick! Please encourage your child to practise regularly at home so they can achieve results which they are capable of getting.

HOMEWORK

Homework will be handed out each Friday and should be returned the following Wednesday. Please support and check your child's homework as much as you can and please sign it each week.

READING

Please make sure your child has their reading book in school every day and returns their library book regularly.

PE

Please make sure your child has a full PE kit (named!) in school including pumps or trainers so that it is readily available for lessons.

Thank you for all your support this year- you have been brilliant!
