"Let all that you do be done in love."

16th July 2021

Dear Parents carers,

As you will have heard in the media, on 19 July 2021, the Government is moving to Step 4 of the COVID-19 Roadmap. This means that further restrictions are to be lifted and members of the public are expected to take personal responsibility for their actions. As we will still be in school on this date, I am writing to you to give you important Public Health advice and to inform you of our school procedures from this date.

Due to the current high levels of COVID-19 in Tameside, we have been advised by Tameside Public Health not to relax restrictions on 19 July, but instead to introduce these new measures at the start of the new term in September. We will continue with our current risk assessment and procedures until the end of term.

This means, that children will still be taught in their bubbles, social distancing rules will be maintained, staggered times will remain and face coverings will continue to be worn by staff and parents around school. We will also continue with regular handwashing and other hygiene requirements that help prevent the spread of the virus.

We will continue to identify children who need to isolate as a result of either having COVID-19, or who are a contact of another child or adult who has tested positive which is still required by law until mid-August.

The good news is that vaccines are significantly reducing the link between infections and severe disease and death - and will also reduce the amount that COVID-19 is spreading. If your child is unwell, they should stay at home as there are a number of other viruses also circulating.

If you have any questions regarding any of the above, please do not hesitate to contact me at school.

Yours sincerely,
N M Hewitt

Headteacher
