Reflection

Friendships can be built and made stronger when we encourage each other and say positive things.

But a friendship that has taken a long time to build can be knocked down very quickly with negative comments and unkind words.

Dear God,

Thank you for the gift of our friends. Help us always to

Encourage one another and build each other up

Help us notice when our friends are sad or feel they are struggling. Help us to

Encourage one another and build each other up

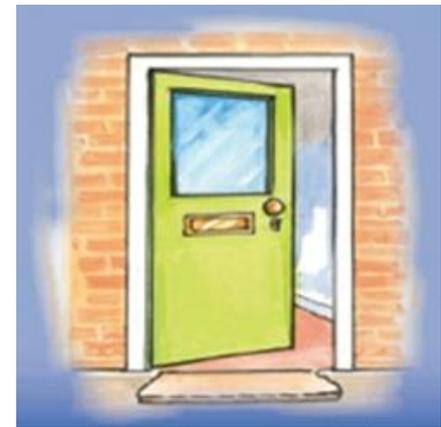

When we are tempted to be negative or criticise our friends, instead, help us to

Encourage one another and build each other up

Amen

Challenge and Response

What kind of a friend are you?

Think about the last time you encouraged someone and said kind words.

What could you do to encourage others in the future? Write on a building block when you make a positive comment or encourage someone. See how strong you can build your friendship tower in your class.

Blowing out the Candles

Peace be with you

And also with you

May the grace of our Lord Jesus
Christ

And the love of God

And the fellowship of the Holy
Spirit

Be with us all, evermore.

Amen
