<p>The writing work will be done in school outside of exam week so children should come to school every day so that they do not have to catch up any missed writing.</p>	<p>Building Learning Powers- Reciprocity, Resourcefulness, Reflectiveness and Resilience</p>

We will practise how to revise and make links as well as becoming fully absorbed in our learning.</p>	

IMPORTANT NOTES

We hope that you are ready for this busy half term! We will begin to revise our maths learning and SPAG in preparation for SATS in May. We will also be continuing our booster sessions for maths on Mondays until 4pm.

Homework is also given out on Friday every week and is due in on the following Wednesday. It is very important that your child completes their learning at home. If for any reason your child is unable to complete their homework, please contact me.

Like always, please encourage your child to reach as much as possible at home. Reading is fundamental to broadening your child's imagination and vocabulary.

Year 6 is an important year, and we will encourage the children to complete basic skills at home such as times tables, spellings etc please support your child in doing this as this will really help with the learning that they will complete in school.

Last but by no means least, we are extremely excited to end this term with our residential trip to Hollowford. The trip will be from May 19th to May 21st. If you have any questions, please do not hesitate to speak to us.

We look forward to a positive and successful year together,

Thank you for your continued support,
The Year 6 Team
