

## Year 4 Summer Term 2 2022

# How important is international tourism?

### Christian Values

**Thankfulness, Honesty, Love, Hope, Forgiveness, Compassion, Friendship, Trust.**

We will be learning about wisdom through biblical stories in our collective worship. We will learn about the importance of making wise decisions, even though it might be difficult. We will continue in our role as a courageous advocate by supporting the British Red Cross and raise money through a bake sale each week.

### Building Learning Powers- Reciprocity, Resourcefulness, Reflectiveness and Resilience

We will continue to use our growth mindset and building learning powers to enable us to make progress and continue to want to learn. We will be using questioning to investigate Spanish culture and capitalising on different resources too. Children will be using their noticing skills to examine the country and the way of life there. They will make links and consider the differences between life in Spain and the UK. Children will be fully absorbed in this challenge and enjoy making and sampling some of the food that is traditional to Spain.

### Successful Learners

#### Areas of Learning

**As geographers** we will be looking at international tourism, doing an in-depth study of Spain. We will locate it on maps and look at its human and physical features.

**As scientists** we will be investigating electricity and working practically to design and make circuits.

**As mathematicians** we will complete our Multiplication Tables Check and learn how to tell the time. We will also learn about statistics and geometry.

**In PSHE** we will be looking at how to keep the body healthy and eating a well-balanced diet. We think of why it is important not to stereotype people when we consider travel and tourism.

**In D&T** we will be studying Spanish foods, Tapas. We will measure and weigh ingredients appropriately to prepare and cook a range of savoury dishes.

**As artists** we will study the work of the Spanish artist, Miro. We will draw from close observation to capture the fine details.

### Successful Learners

#### Areas of Learning

**As readers and writers**, we will continue to develop our comprehension and vocabulary in all areas of reading and writing in a range of genres both fiction and non-fiction. We will continue our novel of Charlotte's Web and complete research on bull fighting.

**As information technologists** we will complete animation activities. We will use the computer/iPad to research and present our learning.

**In Religious Education** we will be learning about God the Trinity. We will share our thoughts on what we think it means and explore the different interpretations of the Trinity.

**In PE (Physical Education)** we will be developing our athletic skills of throwing, running and jumping. We will strive to achieve our best scores.

**In music** we will listen to traditional Spanish music and identify the instruments we can hear.

## IMPORTANT NOTES

I cannot believe that this is the last half term this year! Where has it gone?

We will be taking part in the Government Multiplication Tables Check this June and answering 25 questions online based on times tables up to 12X12. Pupils will have 6 seconds to complete each question, so it is quick! Please encourage your child to practise regularly at home so they can achieve results which they are capable of getting.

### HOMEWORK

Homework will be handed out each Friday and should be returned the following Wednesday. Please support and check your child's homework as much as you can and please sign it each week.

### READING

Please make sure your child has their reading book in school every day and returns their library book regularly.

### PE

Please make sure your child has a full PE kit (named!) in school including pumps or trainers so that it is readily available for lessons.

Thank you for your support.

Mrs Twinn
